
agent contributes → executes → finishes
L0
No meaningful role
Human does the task; agent cannot speed up any substantial part
L1
Augmentation
Human performs the task; AI assists step by step (drafts, searches)
L2
Partial delegation
Agent executes sub-steps end to end; human does a key step or reviews
L3
Full delegation
Agent completes the task from goal and access; human assigns and accepts
Barriers that keep a task below L3
Physical
Accountability
Trust
Access
